Spanish Immersion Point Person

I am very excited to be a part of the Crown Point Christian School staff. I am the Point Person for our Spanish Immersion Program. I have a passion to see students have the opportunity to embrace culture and learn a second language. I have an elementary education degree along with a Special Education endorsement. It is fun being back in the school environment again.

My husband Ryan and I are blessed with four children. Collin is a junior at Illiana Christian High School, twins Nolan and Maya are in fifth grade and Addelyn is in second grade at Crown Point Christian School. When I am not running my children around and watching games, I enjoy being outside, dinners with friends and leading kids in worship at our church.

Crown Point Christian School has been a blessing to our children. I love the different personalities and giftedness that each of our children has experienced with their teachers. One of my favorite verses is from the Psalms. "I lift up my eyes to the hills. From where does my help come from? My help comes from the Lord, maker of heaven and earth." God has given me help and strength to get through some difficult times.
