

Second Life Volunteer Guidelines / Policy

2019 / 2020 School Year

Thank you for volunteering at Second Life Resale Shoppe!

- All volunteers may choose to:
 - assist **one** family (*Full 36 hours of credit per year*)* *OR*
 - assist **two** families for *18 hours credit each family per year (half of 36 required)**

*For parents/grandparents, this is in addition to hours worked for children or grandchildren.

***All excess hours may be donated to CPCS for need allocation, please write 'donate' when hours have been met so hours can be entered accurately.*

- All volunteers to receive credit toward the program must be high school age and older. Parents may bring younger children with them, but we ask that they be watched.
- If you do not have family at CPCS and choose not to specify a family, your hours can be donated directly to the school. A school representative will assign these hours to families in need.
- There is no maximum of hours per month EXCEPT in January and February. A maximum of 12 hours per family may be done during these months due to the fact that this is our slowest time.
- Families have a password-secure login to track all volunteer hours completed at CPCS and Second Life. Second Life is only able to see hours completed at Second Life.
